

ENVIRONMENTAL POLICY

We, at PATTON INTERNATIONAL LIMITED, are committed to manufacturing our products in an environment-friendly manner. To this end, we have adopted the following measures:

- Complying with requisite environmental legislations and regulatory guidelines
- Upgrading manufacturing and packaging technology & processes
- Optimum utilization of resources
- Making employees, vendors, contractors, and people around the factory aware of the importance of adopting an eco-friendly mindset
- Reducing the generation of hazardous pollutants to combat air pollution
- Following eco-friendly measures to handle and dispose any waste produced to reduce land contamination

Sanjay Budhia
