To
Ms. Preeyam Budhia
President, Business Development
Patton Group
3C, Camac Street
Kolkata-700 016

Dear Ms. Budhia,

On behalf of 'Saroj Gupta Cancer Centre & Research Institute', we are writing to congratulate you on developing and launching an innovative and need-of-the-hour product during these uncertain times.

The Patton contactless Safe Hand Wash Station will go a long way in helping the community to fight against COVID-19 maintaining good hand washing hygiene. The simple, space-saving design, and the hands-free, foot-operated functionality makes it especially suitable for high-traffic places like hospitals. We are also appreciative of how well your team handled the whole process – from order to delivery and installation.

We wish you all the very best in your future endeavours.

Warm regards,

Anjan Gupta
Hony Secretary

Dr Arnab Gupta
Director
