

PATTON[®]

BUILT WITH TRUST. BUILT TO LAST.

www.pattonindia.com

Patton International Limited is a customer focussed corporate house. Patton is constantly adding value to our customers by manufacturing various types of high precision Steel Engineering and Plastic products.

PATTON has extensive capabilities in design & development and has received multiple recognitions locally and internationally. With our quality and care for safety, we cater to a wide range of industries including Power & Electrical, Construction, Oil & Gas, Storage & Flow Management, Waste Management, and Material Handling.

Patton products are carefully designed, tested and certified by renowned local & international testing and certification organisations.

Customer First – We exist because of the customer. We respect the customer’s requirements by focussing on innovation and striving for perfection, due to which, our customer experiences outstanding value added products. We garner all our expertise to fulfil our commitments to our customers, going beyond their expectations.

Our motto is to provide consistent, high-quality service. Our client’s time is our time and we honour the timeline by ensuring prompt delivery of goods. We will continue in our endeavours to provide healthy storage and distribution of drinking water & waste management solutions for a clean environment. Easy availability at affordable prices benefits everyone.

Our aim is to serve society and contribute towards a cleaner, greener environment.

For conservation towards a better tomorrow, we need to start today.

STEEL DIVISION

- CNC Precision Machining
- Sheet Metal Stamping
- Tubular Components
- Complex Die Casting
- Die & Tool Designing Expertise
- Flexible Contract Manufacturing
- In-house Product Designing
- End-to-end Engineering Solutions
- Global Compliances

PLASTIC DIVISION

- Sophisticated state-of-the-art manufacturing facilities
- Scientifically designed, ready-to-use comprehensive product range
- Advanced R & D facilities with in-house product designing
- USFDA approved food-grade materials
- Expertise in Drinking Water Storage & Distribution Management
- Materials Handling, Storage and Logistic solutions
- Waste Management Solutions

STEEL PRODUCTS

EMT CONDUIT FITTINGS

RIGID CONDUIT FITTINGS

DIE CAST CONDUIT FITTINGS

REDUCER CONDUIT BUSHINGS

ERW PRECISION TUBES

01**STORAGE SOLUTIONS:
TANKS**

- Made from 100% virgin USFDA approved food-grade materials
- Scientifically designed to distribute water load for better life
- Advanced technologies used to manufacture tanks
- Seamless, leakage-proof, long-lasting design
- Unique lid design protects from contamination, odour, and fungus

FLOW MANAGEMENT SOLUTIONS: **PIPES** 02

- Non-corrosive and immune to galvanic or electrolyte erosion
- Smoother inner surface reduces friction resulting in better flow of water
- Lighter in weight, easy to install
- Hygienic and provides safe drinking water
- Long-lasting, free from weakness caused by scale formation

03

WASTE MANAGEMENT SOLUTIONS: WASTE BINS

- Manufactured with latest technologies and advanced machineries
- Wide range available from 10 Litres to 1100 Litres
- Suitable for all types of Liquid Wastes and Dry Wastes
- Scientifically designed for better storage and better life
- Special models for Medical Waste

MATERIAL HANDLING SOLUTIONS: CRATES 04

- Scientifically designed, light in weight with more strength
- Hygienic and environment-friendly
- Resistant to chemicals, non-toxic
- Can withstand wide range of temperatures
- Space-saving, stackable, and nestable designs

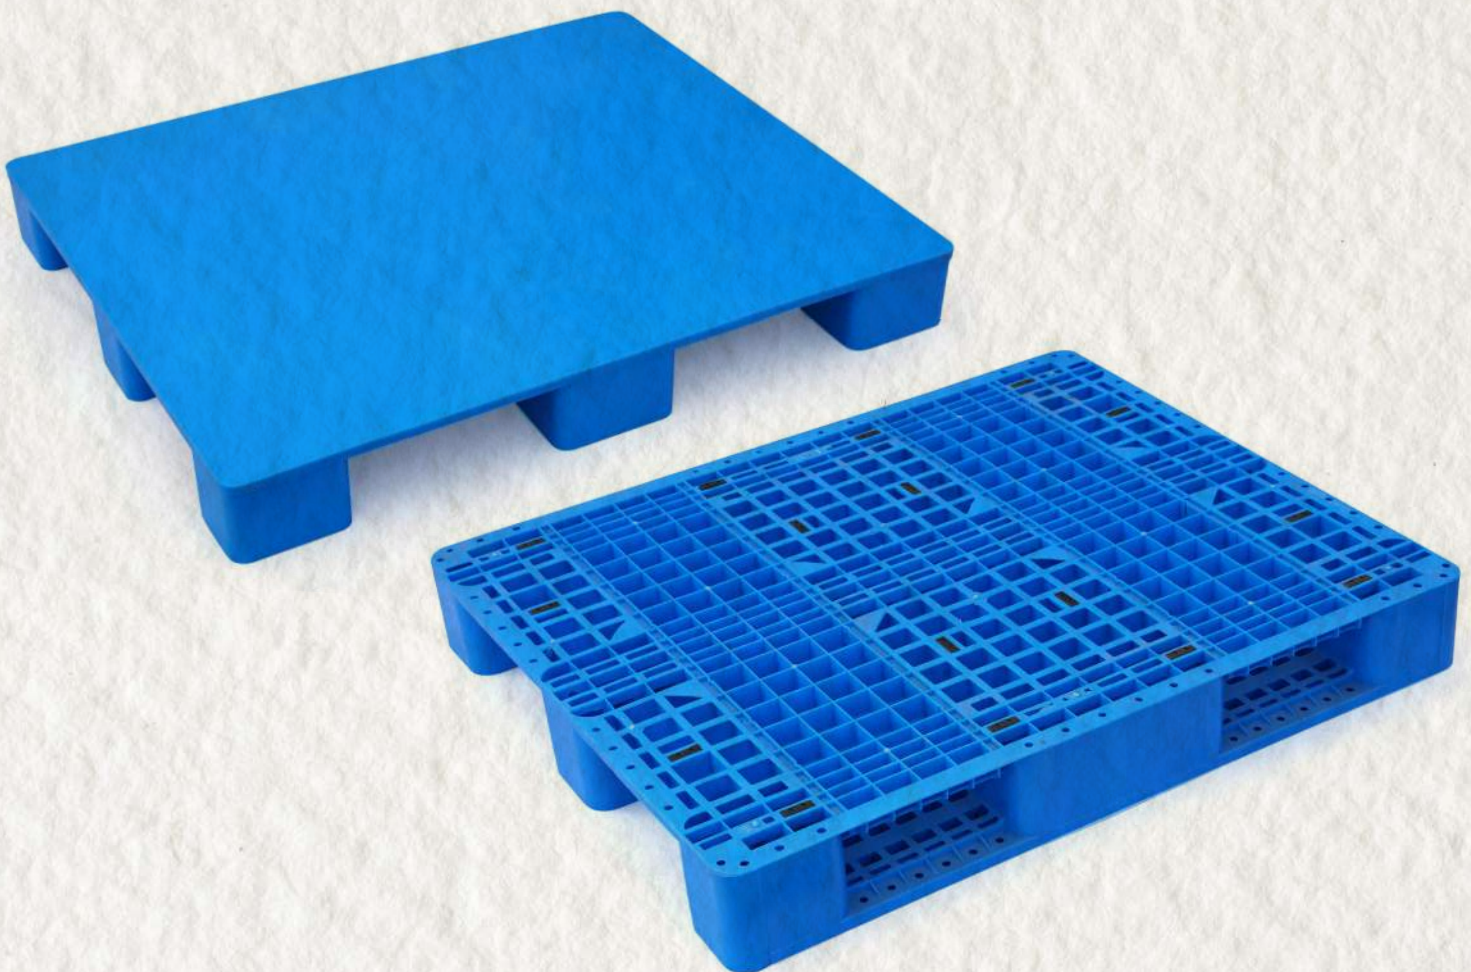

05**MULTIPURPOSE INDUSTRIAL APPLICATIONS:
PALLETS**

Our **READY-TO-USE** pallets are a cost-effective option for shop-floor use across multiple industries.

BAKERY**FMCG****PHARMACEUTICAL****AGRICULTURE****ENGINEERING**

- Anti-skid design
- Retains structural integrity under heavy loads
- Easy-to-clean
- Durable & Long-lasting

SPECIALISED SOLUTIONS 06

- Specially designed Chemical Tanks
- Specially designed Underground & Septic Tanks
- Innovatively designed Water on Wheels
